A Long Strange Trip By Dennis McNally

The Grateful Dead were one of the most fascinating rock bands and cultural phenomena of the twentieth century. Despite having few mainstream hits, from 1965 to 1995, the Dead blazed an extraordinary incendiary trail across the rock firmament. Exploding from the roots and folk scene of the early 1960s, the Dead went on to provide the soundtrack to the Dionysiac revels of the burgeoning counterculture. Their history is the history of the modern American Revolution in the years of rage and rebellion, which were to change the country forever. Here, for the first time, is the band's full story. Not just a brilliant rock biography, it forms a compelling portrait of America's West Coast from the halcyon days of Magic Buses and Merry Pranksters to the corporate dawn of the twenty-first century.

Editorial Review

Review

"No novelist, sane or otherwise, could have invented the ethereal saga of the Grateful Dead. Dennis McNally's backstage portrait of the world's most liberated rock band is full of unforgettable images, wild and funny and fascinating" -- Carl Hiaasen "McNally's writing on the music is great, his critical judgements are precise and it's the kind of book to send you scurrying back to the records" Sunday Herald "This is an exceptionally candid account of the band and its career...Deadheads will lap up this book" Daily Telegraph "[McNally] uses his unique access and intimacy to tell a gripping story that even the most inventive novelist really would have struggled to make up...Combining the objectivity of the trained historian with the commitment of a true believer, McNally has surely written the best Dead book ever" Uncut "Some of the most vivid writing about the rock 'n' roll experience...A fascinating glimpse into a side of American culture that is still thriving, still evolving, and will simply not fade away" Independent

About the Author

Dennis McNally has a Ph.D. in American history from the University of Massachusetts. After being selected as the Grateful Dead's official historian in 1980, he assumed head publicity duties in 1984 and has been running that post ever since. He is the author of one previous book, *Desolate Angel: Jack Kerouac, the Beat Generation and America*. He lives with his wife in San Francisco.

Users Review

From reader reviews:

Rene Defeo:

Book is definitely written, printed, or illustrated for everything. You can understand everything you want by a publication. Book has a different type. We all know that that book is important matter to bring us around the world. Beside that you can your reading expertise was fluently. A book *A Long Strange Trip* will make you to be smarter. You can feel far more confidence if you can know about every thing. But some of you think that will open or reading a book make you bored. It's not make you fun. Why they may be thought like that? Have you in search of best book or ideal book with you?

Antonio Beeler:

Book is to be different for every grade. Book for children until adult are different content. We all know that that book is very important usually. The book *A Long Strange Trip* ended up being making you to know about other understanding and of course you can take more information. It is quite advantages for you. The book *A Long Strange Trip* is not only giving you more new information but also to be your friend when you truly feel bored. You can spend your spend time to read your guide. Try to make relationship with the book *A Long Strange Trip*. You never really feel lose out for everything when you read some books.

Leon King:

Playing with family in the park, coming to see the coastal world or hanging out with buddies is thing that usually you will have done when you have spare time, then why you don't try matter that really opposite from that. A single activity that make you not feeling tired but still relaxing, trilling like on roller coaster you are ride on and with addition associated with. Even you love A Long Strange Trip, you can enjoy both. It is fine combination right, you still desire to miss it? What kind of hangout type is it? Oh occur its mind hangout folks. What? Still don't obtain it, oh come on its named reading friends.

John Hagen:

That book can make you to feel relax. This particular book A Long Strange Trip was vibrant and of course has pictures around. As we know that book A Long Strange Trip has many kinds or type. Start from kids until teenagers. For example Naruto or Investigator Conan you can read and think you are the character on there. So , not at all of book are make you bored, any it can make you feel happy, fun and relax. Try to choose the best book for you and try to like reading that.
