### Brain's Diseases of the Nervous System Online (Donaghy, Brain's Diseases of the Nervous System) By Michael Donaghy

The twelfth edition of *Brain's Diseases of the Nervous System* builds on the success of the previous editions of this classic neurology resource. Providing detailed coverage of the full range of major neurological conditions, with new and revised sections from highly experienced and well established authorities in their fields (including updated sections on genetics, development neurology, and re-written introductory chapters), this edition continues to be the definitive guide to clinical neurology.

The online version of *Brain's Diseases of the Nervous System* contains the full text of the print edition (which can be browsed by the contents list or searched), links from references in the text to external sources (via PubMed, ISI, and CrossRef), and all figures and illustrations from the print edition, downloadable into PowerPoint.

### **Editorial Review**

#### **Review**

"Editing and compiling a neurology textbook is a huge task, particularly when it is the 12th edition of one of the most famous textbooks of neurology. The editor and authors of Brain's Diseases of the Nervous System have done a wonderful job....this book is a useful quick reference for clinical neurologists and is an essential textbook for trainees in clinical neurology."--The Lancet

#### **About the Author**

Michael Donaghy is a Reader in Clinical Neurology and Consultant Neurologist at John Radcliffe Hospital and the University of Oxford, UK.

### **Users Review**

#### **From reader reviews:**

##### **Jamie Sparks:**
