Pharmacology for Nurses: A Pathophysiologic Approach Plus NEW MyNursingLab with Pearson eText (24-month access) -- Access Card Package (4th Edition) By Michael Adams, Leland Holland Ph.D., Carol Urban

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you **select the correct ISBN**. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, **you may need a CourseID**, provided by your instructor, to register for and use Pearson's MyLab & Mastering products.

Packages

Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase.

Used or rental books

If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code.

Access codes

Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase.

--

This up-to-date text helps nursing students master pharmacology by tightly linking it to therapeutic goals and patient wellness. Organized by body systems (units) and diseases (chapters), **PHARMACOLOGY FOR NURSES: A PATHOPHYSIOLOGIC APPROACH, 4/e** provides complete information on the drug classifications used to treat each disease class. Students can easily

locate all relevant anatomy, physiology, pathology, and pharmacology in the same chapter where each drug is discussed. Exclusive Nursing Process Focus features clearly and concisely relates pharmacotherapy to patient assessment, nursing diagnoses, planning patient outcomes, implementing patient-centered care, and evaluating the outcomes. This new Fourth Edition links pharmacology to patient care through exceptionally accurate, attractive graphics, rich media resources, extensive self-assessment tools, and features covering complementary medicine; diverse patient/lifestyle considerations; and evidence-based practice. It has been thoroughly updated to reflect current pharmacologic drugs, drug classes, processes, mechanisms, and warnings; and the newest QSEN competencies and NCLEX question formats.
