The Case of the Glamorous Ghost (Perry Mason Series Book 47) By Erle Stanley Gardner

Though some think they saw a ghost, it was a real, live woman in the (mostly exposed) flesh flitting through Sierra Vista Park. Eleanor Corbin has a taste for trouble—and a talent for getting out of it using the most outrageous means to cover her tracks. Now her scandalized half-sister, Olga, fears Eleanor may be using lascivious antics to camouflage more larcenous acts.

Enter Perry Mason—retained by Olga to keep the press at bay while pressing Eleanor for the sordid details of her latest escapade. The glamorous “ghost” claims she can’t recall anything except eloping with a smooth-talking gambler... and a terrifying car crash. But a hidden cache of precious gems has another story to tell. And so does a murdered corpse that speaks louder than words.

Editorial Review

About the Author

Erle Stanley Gardner (1889-1970) is a prolific American author best known for his works centered on the lawyer-detective Perry Mason. At the time of his death in March of 1970, in Ventura, California, Gardner was "the most widely read of all American writers" and "the most widely translated author in the world," according to social historian Russell Nye. The first Perry Mason novel, *The Case of The Velvet Claws*, published in 1933, had sold twenty-eight million copies in its first fifteen years. In the mid-1950s, the Perry Mason novels were selling at the rate of twenty thousand copies a day. There have been six motion pictures based on his work and the hugely popular Perry Mason television series starring Raymond Burr, which aired for nine years and 271 episodes.

As author William F. Nolan notes, "Gardner, more than any other writer, popularized the law profession for a mass-market audience, melding fact and fiction to achieve a unique blend; no one ever handled courtroom drama better than he did."

Richard Senate further sums up the significance of Gardner's contribution: "Although the character of Perry Mason is not unique as a 'lawyer-sleuth,' he is the first to come to anyone's mind when it comes to sheer brilliance in solving courtroom-detective cases by rather unconventional means. Besides 'Tarzan,' 'Sherlock Holmes,' 'Superman' ? 'Perry Mason' qualifies as an American icon of popular culture in the twentieth century."

Gardner's writing has touched a lot of people including a number of high profile figures. Brian Kelleher and Diana Merrill say in their 1987 book, *The Perry Mason TV Show Book* that Harry S. Truman was a fan and that it is rumored that when Einstein died, a Perry Mason book was at his bedside. They further describe that when Raymond Burr met Pope John XXIII, the actor reported that the pontiff "seemed to know all about Perry Mason." Federal judge Sonya Sotomayor frequently mentions how Perry Mason was one of her earliest influences.

Starting with his first book, Gardner had a very definite vision of the shape the Perry Mason character would take:

"I want to make my hero a fighter," he wrote to his publisher, "not by having him be ruthless to women and underlings, but by creating a character who, with infinite patience jockeys his enemies into a position where he can deliver one good knockout punch."

Users Review

From reader reviews:

John Judge:

Why don't make it to become your habit? Right now, try to ready your time to do the important behave, like looking for your favorite guide and reading a publication. Beside you can solve your short lived problem; you can add your knowledge by the publication entitled *The Case of the Glamorous Ghost (Perry Mason Series Book 47)*.
