Editorial Review

Review

"Using a variety of styles, this title demonstrates how to challenge secondary students to find, process, and think about new information so that successful research occurs. The title includes step-by-step guidance as well as samples of many needed materials." - **Library Media Connection**

Review

"*A Guided Inquiry Approach to High School Research* . . . is the clearest and most precise application of Carol Kuhlthau's ISP I have seen. The detailed workshop plans are such beautiful examples of 'third space' where you and the teachers help students make the connection between school learning and life learning." (Violet H. Harada, Professor Emerita, University of Hawaii, Dept of Info & Computer Sciences)

About the Author
