### Editorial Review

#### From Library Journal

Although it stands well on its own, this book can be viewed as a continuation of McPhee's *Basin and Range* (LJ 4/1/81) and *In Suspect Terrain* (LJ 4/1/83). As in those earlier works, the central theme of this book is the geology of an area near Interstate 80, this time the Rocky Mountains and adjacent terrain in Wyoming.

McPhee skillfully weaves together the personal history of Rocky Mountain geologist David Love and his family with the geological history of the region, chronicling both the story of pioneering homesteaders and that of ancient seas, volcanoes, and episodes of mountain building. He also details the search for resources and the environmental effect of their discovery, as well as the inner workings of geology. Recommended, especially for public libraries. Joseph Hannibal, Cleveland Museum of Natural History

#### Review

“Mr. McPhee has created a style--blending detailed reporting with a novelistic sense of narrative--and a standard that have influenced a whole generation of journalists.” ?*Timothy Bay, The Baltimore Sun*

“McPhee rides shotgun across Wyoming in a four-wheel-drive Bronco while the geologist David Love steers, lectures, and reminisces....This instructive account of the geologic West and the frontier West is a delight.” ?*Evan S. Connell, The New York Times Book Review*

#### About the Author

**John McPhee** was born in Princeton, New Jersey, and was educated at Princeton University and Cambridge University. His writing career began at *Time* magazine and led to his long association with *The New Yorker*, where he has been a staff writer since 1965. Also in 1965, he published his first book, *A Sense of Where You Are*, with Farrar, Straus and Giroux, and in the years since, he has written nearly 30 books, including *Oranges* (1967), *Coming into the Country* (1977), *The Control of Nature* (1989), *The Founding Fish* (2002), *Uncommon Carriers* (2007), and *Silk Parachute* (2011). *Encounters with the Archdruid* (1972) and *The Curve of Binding Energy* (1974) were nominated for National Book Awards in the category of science. McPhee received the Award in Literature from the Academy of Arts and Letters in 1977. In 1999, he was awarded the Pulitzer Prize for *Annals of the Former World*. He lives in Princeton, New Jersey.
