### Crocodile Tears (Alex Rider Book 8) By Anthony Horowitz

A charity broker con artist has raised millions of dollars in donations, only to invest them in a form of genetically modified corn that has the power to release an airborne strain of virus so powerful it can knock out an entire country in one windy day. A catastrophe so far-reaching that it would raise millions of dollars more in charitable donations, all of which would be embezzled by one man. The antidote? Alex Rider, of course, who survives gunfire, explosions, and hand-to-hand combat with mercenaries—just another day in the life of an average kid.

### Editorial Review

From School Library Journal

Grade 6–10—Alex Rider is only 14, but that hasn't stopped MI6, the British espionage organization, from recruiting him for dangerous missions. Here, Alex is enlisted in a seemingly quick and easy mission of downloading computer data while on a school trip to a lab immersed in the genetic engineering of plants. While there, he discovers a sinister plot involving a criminal turned preacher and philanthropist. As in the earlier installments, the book is chock-full of excitement and suspense from the first page to the last. It starts with a bomb at a nuclear plant in India, and along the way there is a charity black-tie card game, poison needles, car crashes, bullets, and exploding gel pens. Most of the backstory is explained, so no prior knowledge of the earlier books is necessary. Great for reluctant readers.—*Jake Pettit, Thompson Valley High School, Loveland, CO*

Alex Rider, teenage British secret service agent, returns. This time, a wealthy villain schemes to make millions by creating disasters and then pocketing the money from false relief agencies. Alex discovers the bad guy's plan to cause famine in Africa, but he is able to expose the fake philanthropist, although he is nearly fed to hungry crocs in the process. Horowitz's series remains on top of the growing genre of YA novels that feature intelligence agencies employing teenagers. He knows how to pace a thriller and delivers one exciting scene after another. Alex Rider fans will rejoice. Grades 6-9. --Todd Morning

Review

"Chock-full of excitement and suspense from the first page to the last." --*School Library Journal*

"Will no doubt fly off library shelves with its appealing hero, exotic settings, and high-octane action." --*Voya*
