Dangerous Devotion (Soul Savers Book 3) By Kristie Cook

The bestselling and highly acclaimed Soul Savers series, with over 1 million downloads, continues with Book 3, Dangerous Devotion.

Now that she's received her extraordinary powers, Alexis has much to learn about her new life, her new world, and the people in it--vampires, mages, shifters, and more. Nothing is what it seems on the surface, including the matriarch's council members, who are hardly different than their human counterparts--seedy, power-hungry, greedy politicians. Alexis's first assignment is to use her gifts to identify the traitor who lurks among the council. Not an easy task when she learns that everybody's hiding secrets, including information about a girl who just might be her daughter.

When the enemy attacks, Alexis and her family are forced to run, so they set out to find the girl who might offer hope for the future. But the search for answers leads only to the revelation of more betrayals by those closest to Alexis. Her devotion is put to the test--devotion to her husband, to her family, to her people, and to her beliefs--leaving her to question whom she's fighting for and why she should even bother. But if she won't fight . . . who will?

From the Inside Flap

The next thing I knew, my leg became trapped and my body suddenly flipped over, my stomach flipping with it. The hand released my leg and two arms caught me right before I hit the ground, breaking my fall. Still, they felt like two bars of steel against my back, knocking the wind out of me. The beams above swam in and out of focus. So did Tristan's face as he laid me on the ground and stood over me, his hands on his knees, his arms braced as he glared down at me.

"I said *harder*," he snarled.

"I didn't hear you." I meant to match his ferocity, but I was still catching my breath.

"Exactly." He turned and walked away.

I forced myself to my feet and found disappointment written all over Charlotte's face.

"If you don't focus, you can easily be taken out," she said, her voice low and calm.

Tristan spun around and suddenly stood in front of me. "In other words, you let your mind wander and you could be *dead*."
