## **Editorial Review**

### From the Publisher

PART ONE introduces the health care system and careers, anatomy & physiology, human development. Also includes career guidance and leadership development. PART TWO is an extensive survey of a number of entry-level health occupations and the tasks skills those positions require.

### From the Back Cover

Providing both basic core knowledge as well as an overview of many health care professions, ***Introduction to Health Occupations*** is an ideal resource for students preparing for entry-level health occupation positions. A striking four-color design supports and enhances sound pedagogy covering precautions, OSHA, CLIA, HEDIS, disaster preparedness and AIDS. Features new to the sixth edition further strengthen instruction with exercises that include enhanced visual learning, team building, communication, multicultural competence and familiarity with new technology.

- A Student CD-ROM with additional exercises and practice opportunities
- Corresponding Companion Website - [www.prenhall.com/badasch](http://www.prenhall.com/badasch) - that offers further exercises as well as links to related resources
- New - "Learn by Doing" component at the end of each unit that increase hands-on opportunities
- New - procedure opening rationales that add clarity
- New - enhanced documentation exposure with charting examples for the procedures
- "Thinking Critically" segment in the chapter review that reinforces material
- New - group role-playing and participatory practice and activities
- Creation of a solid job-readiness file with the Portfolio Connection
- Clear chapter beginning and unit objectives as well as thorough end-of-chapter exercises and self-evaluation

### About the Author

**Shirley A. Badasch, M.Ed, RN**, is a graduate of California State University at Long Beach. Her career includes acute care nursing, office nursing, industrial nursing, Director of Nursing for a developmentally disabled nursing facility, and Assistant Administrator in Long Term Care. Ms. Badasch's teaching experience includes co-developing the Medical Occupations Program and teaching for nine years in a Regional Occupation Program, and part-time instructor in the Educational Psychology department, California State University at Long Beach. She also taught in the teacher certification program at Cal Poly Pomona and California State University at Sacramento. During her career she worked as a contract consultant to the California State Department of Education, presenting seminars, writing materials, developing programs, and consulting on program development. Ms. Badasch completed her career as the Director of Education for Bristol Park Medical Group. She continues to research and participate in health occupations as a volunteer in her community and as a member of the California Association of Health Career Educators.

**Doreen S. Chesebro, B.Ed, LVN**, is a graduate of California State University at Long Beach. Her nursing career includes ambulatory care, long-term care and acute care nursing primarily in intensive care and coronary care units. Mrs. Chesebro's teaching experience includes co-developing and teaching the Medical Occupations Program in a Regional Occupation Program. This program includes long-term care nurse

assistant, advanced nurse assistant, home health aide, front and back office medical assistant, and hospital health occupations. She also served as a Program Specialist for the Long Beach Unified School District and has experience as a part-time instructor for teacher certification at California State University at Sacramento and Cal Poly Pomona. As Director of Education in the ambulatory care setting, she was responsible for development, implementation and oversight of

- disease prevention and management classes through patient education
- staff development programs ranging from new employee orientation to management/ leadership preparation and mentorship

Mrs. Chesebro is currently the Director of Mission Services for the ambulatory care setting of the St. Joseph Health System in California's Central Orange County Region. In this position, she coordinates and monitors community outreach programs and works closely with medical and business staff to promote the St. Joseph Health System Mission, Core Values and Vision.

## **Users Review**

### **From reader reviews:**

#### **Aaron Ryan:**

**Cara Shaver:**

As a student exactly feel bored to reading. If their teacher requested them to go to the library or make summary for some reserve, they are complained. Just tiny students that has reading's soul or real their hobby. They just do what the trainer want, like asked to the library. They go to there but nothing reading seriously. Any students feel that examining is not important, boring in addition to can't see colorful photos on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this age, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this *Introduction to Health Occupation: Today's Health Care Worker (6th Edition) (Health Science Fundamentals)* can make you feel more interested to read.
