Editorial Review

Review

*"During the past three years Al's book has become the reference standard for video & IT professionals. He has the real world experience & a unique ability to communicate difficult technical concepts in simple terms. If you want to stay informed in the converged world of AV/IT then this new edition is required reading."--
Clyde Smith, SVP, Technology & Standards, Turner Broadcasting*

"As proprietary broadcast solutions give way to the juggernaut of standard IT based systems, AV professionals need new tools to bridge the knowledge gap. "Video Systems in an IT Environment" provides a sturdy foundation on which to build the skill sets needed to thrive in the present-day digital media ecosystem." --André Mendes, VP & Chief Technology Integration Officer, PBS

About the Author

Al Kovalick has worked in the field of hybrid AV/IT systems for the past 16 years. Previously, he was a digital systems designer and technical strategist for Hewlett-Packard. He was the principal architect of HP's first VOD server. Following HP, from 1999 to 2004, he was the CTO of the Broadcast Products Division at Pinnacle Systems. Currently, he is a Fellow with Avid Technology. Al is an active speaker, educator, author and participant with industry bodies. He has presented over 50 papers at industry conferences worldwide and holds 18 US and foreign patents. Al has a BSEE degree from San Jose State University and MSEE degree from the University of California at Berkeley. He is a SMPTE Fellow and a life member of Tau Beta Pi.
