An Educator's Classroom Guide to America's Religious Beliefs and Practices By Benjamin J. Hubbard, John T. Hatfield, James A. Santucci

Today, with all of the controversies surrounding religion in the schools and in the public sphere, it would seem more important than ever that teachers and librarians have a quick source of up-to-date, correct, unbiased information to give to patrons and students. The authors of this book (all are or have been professors of religion at various well known universities) offer just that. The book is arranged to cover most all of the known (and little known) religions in America.

Today, with all of the controversies surrounding religion in the schools and in the public sphere, it would seem more important than ever that teachers and librarians have a quick source of up-to-date, correct, unbiased information to give to patrons and students. The authors of this book (all are or have been professors of religion at various well-known universities) offer just that. The book is arranged to cover most of the known (and little-known) religions in America. Each section includes: Origins, Beliefs, Sacred Book/Scriptures, Practices, Main Subgroups, Common Misunderstandings and Stereotypes, Classroom Concerns, Population Data, and Further Readings. Though there are many guides to religions, this book has the unique advantage of looking at each religion as it may affect the classroom and other student groups and activities.

Editorial Review

Review

"This book is highly recommended to schools and school districts for both the wealth of information about religions and religious beliefs and the practical guidelines, which support educators as they go about their daily responsibilities of teaching students." - **American Reference Books Annual**

"The authors' primary purpose in creating this helpful resource is to supply the public school teacher with accurate, at-a-glance information about religious beliefs in North America. . . . This book does an exemplary job of combining correct, impartial information from authoritative sources with much-welcomed brevity." - **VOYA**

"Hubbard, a school administrator, and Jon T. Hatfield and James A. Santucci, who are not further identified, set out fundamentals of behavior typical or expected of people from various religious backgrounds to help classroom teachers avoid discourteous or offensive behavior of their own. The 1997 first edition is here expanded with chapters on four additional traditions, and revised to make the resource more useful in elementary as well as secondary schools." - **Reference & Research Book News**

About the Author

Benjamin J. Hubbard, PhD, is professor emeritus of comparative religion at California State University, Fullerton where he was department chair for 15 years. He has been a frequent contributor on religion-related issues to the Los Angeles Times/Orange County and the Orange County Register. His specialties include Judaic studies, the interfaith movement, and religion and media studies.

John T. Hatfield, PhD, is professor emeritus of Ethnic and Women's' Studies at California State Polytechnic University, Pomona. He is a past president of the American Academy of Religion's Western Region and of the Far Western Philosophy of Religion Society. His special interests include Native American religion, and religion and public education.

James A. Santucci, PhD, is professor and chair of the Department of Comparative Religion, California State University, Fullerton. For nearly 20 years he has edited the journal Theosophical History. He is an expert on Theosophy and other non-traditional religious movements, as well as the religions of South Asia (Hinduism, Buddhism and Jainism).

Users Review

From reader reviews:

Harold Cole:

Reading a reserve tends to be new life style on this era globalization. With reading through you can get a lot of information that will give you benefit in your life. With book everyone in this world can share their idea. Textbooks can also inspire a lot of people. A lot of author can inspire all their reader with their story or

perhaps their experience. Not only the storyline that share in the guides. But also they write about the ability about something that you need case in point. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book that you can get now. The authors in this world always try to improve their proficiency in writing, they also doing some analysis before they write to their book. One of them is this An Educator's Classroom Guide to America's Religious Beliefs and Practices.

Bobbi Brunner:

Reading can called mind hangout, why? Because while you are reading a book especially book entitled An Educator's Classroom Guide to America's Religious Beliefs and Practices your mind will drift away trough every dimension, wandering in most aspect that maybe mysterious for but surely will end up your mind friends. Imaging each word written in a guide then become one contact form conclusion and explanation that will maybe you never get previous to. The An Educator's Classroom Guide to America's Religious Beliefs and Practices giving you one more experience more than blown away your brain but also giving you useful information for your better life within this era. So now let us demonstrate the relaxing pattern the following is your body and mind will likely be pleased when you are finished reading through it, like winning an activity. Do you want to try this extraordinary spending spare time activity?

Rose Davies:

The book untitled An Educator's Classroom Guide to America's Religious Beliefs and Practices contain a lot of information on it. The writer explains your ex idea with easy approach. The language is very easy to understand all the people, so do not really worry, you can easy to read this. The book was compiled by famous author. The author provides you in the new era of literary works. It is possible to read this book because you can continue reading your smart phone, or model, so you can read the book with anywhere and anytime. In a situation you wish to purchase the e-book, you can start their official web-site and also order it. Have a nice read.

Chelsie Salls:

As a college student exactly feel bored to help reading. If their teacher inquired them to go to the library as well as to make summary for some reserve, they are complained. Just minor students that has reading's spirit or real their hobby. They just do what the instructor want, like asked to go to the library. They go to right now there but nothing reading really. Any students feel that examining is not important, boring as well as can't see colorful pics on there. Yeah, it is to get complicated. Book is very important in your case. As we know that on this time, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. So , this An Educator's Classroom Guide to America's Religious Beliefs and Practices can make you really feel more interested to read.
