### Chronicles In History: Windows Into the Future By Timothy M Powers

Through the writings of Tim Powers, you will discover not only what true patriotism is, but just how deep the corruption of our government really runs. I became familiar with Tim through his writings for the Western Center of Journalism and have been a true follower ever since. He has a distinct talent for not only bringing to light the truth, but being able to keep you on the edge of your seat while so eloquently displaying facts that will make you take a second look at the powers that are truly controlling America. You will discover things that you thought were unimaginable and only possible in a blockbuster spy movie. Tim's familiarity and knowledge of the absolute corruption that has gripped our nation is unmistakable, and after reading this book, you'll find out that it is undeniable.
