"Young readers will delight in Schwartz's newest collection of frightening folk tales, beginning with the double-chinned ghosts floating across the front cover and ending with the tombstone that closes the book. Editorial Review

From School Library Journal

Kindergarten-Grade 2-- Those familiar with Schwartz's ability to produce the best of scary tales for young readers will find this newest addition to be a hit. The sentences are short with a manageable vocabulary, even for those kindergarteners who can tackle the challenge of an early reader. The text is complemented with primitive watercolor illustrations executed in attractive pastels; while the facial expressions are given a semblance of ghouliness, the total effect is one of enticement (and even humor) rather than of horror. While these stories are not as heart-thumping as those in Schwartz's *In A Dark, Dark Room* (HarperCollins, 1985), this will nevertheless provide a fun introduction to the "ghostly" genre, and give children a chance to check out a "scary" book. Appended is a page on the origins of the tales and legends. --Mary Lou Budd, Milford South Elementary School, OH

From Kirkus Reviews

From its foreword to its notes on ``Where the Stories Come From," this ``I Can Read" collection of seven appealing, mildly scary stories is a model of authenticity: the simplified but effective retellings honor both their sources and their intended audience. Chess's tongue-in-cheek illustrations add a perfect gruesome touch. (Folklore/Easy reader. 5-8) -- *Copyright ©1991, Kirkus Associates, LP. All rights reserved.*
