Editorial Review

Review

A friend with some basic chess experience asked me recently for a recommendation for a chess book that will assist him in grasping some of the essential chess elements. While there are a number of fine books and DVDs available, I am inclined to advise him to purchase *Chess Strategy: Move by Move*. This reviewer thoroughly enjoyed *Chess Strategy: Move by Move*. Adam Hunt covers most of the important positional topics for his target audience, and does so in an easy-to-read manner.
