## Filmmakers and Financing: Business Plans for Independents (American Film Market Presents) By Louise Levison

The first, most crucial step in making a film is finding the funds to do it. Let Louise Levison, who wrote the innovative business plan for "The Blair Witch Project," show you how. Whether you're planning a feature, short, documentary, or large format film, this unique guide teaches you how to create a business plan that can be presented to a potential investor. In jargon-free terms, the author leads you through every step. Each chapter concentrates on a different section of the business plan, including the industry, marketing, financing, distribution. There are supplementary exercises and spreadsheets on the CD workbook so you get comfortable crunching the numbers--no math degree required!

The fifth edition contains completely revised and updated industry data, updated information on the market for short films, as well as a new chapter on nontraditional films such as documentaries.

### **Editorial Review**

#### **Review**

"If you want to make an independent feature you need money, which means you need a business plan, which means you need Levison. Project outlines, industry overview, marketing, sample business plans, distribution, financial planning, loans and partnerships are all included. There is even a nifty CD-ROM supplement that comes with the book."

- Jeffrey M. Freedman, Script Magazine

"A book like this, in my opinion, is an investment in your future as a serious filmmaker. It will be a mainstay on my bookshelf and will be referenced over and over again with each film that I write a business plan for. Worth every penny." - Eric Henninger, Bald Brother's Studio Productions

#### **From the Publisher**

Each chapter concentrates on a specific section of the business plan, such as the executive summary, industry, market, distribution financial planning, etc. A sample business plan provides readers with a reference as they write their own plans. This book provides information needed for approaching potential investors, including: defining goals and objectives, describing proposed films, researching markets and distribution systems, developing complete financial projections, applying the plan to the management of one's company.

The third edition includes a new chapter on the growing use of the internet as an outlet for film.
