#### **The course companion and practical manual – for therapists, midwives and pediatricians**

## About the Author

**Birgit Kumbrink**, founder and medical director of the international K-Taping Academy, based in Dortmund, Germany, has been a K-Taping instructor for many years and is one of the most experienced users and teachers of the treatment method internationally. Birgit Kumbrink has written many articles about K-Taping for the medical press and has appeared on various medical programs on German radio and television. She has developed the fledgling elastic tape therapy from Asia into the K-Taping therapy that has now become established in Germany and other countries throughout Europe. A therapy that over the last 15 years has gained recognition as a meaningful and effective treatment in physiotherapy, medical applications and sports medicine. Birgit Kumbrink is responsible for the inclusion of K-Taping in many aftercare concepts, such as after breast cancer operations. She has also been the driving force behind the development of K-Taping techniques and applications and leads national and international studies in cooperation with clinics and therapist associations.
