Management of Event Operations (Events Management) By Julia Tum, Philippa Norton

The Management of Event Operations: project management, planning and customer satisfaction provides an introduction to the management of operations for the event planner and venue provider. Taking an holistic view of an event enterprise, it links the traditional topics within operations management to present a coherent and hands-on approach specifically for the events manager. The approach is pragmatic and is dictated by practical consequences and considerations, which are so important to an event manager who balances many views and needs from diverse stakeholders.

Editorial Review

Review

The text is written in a concise manner in which there are no wasted words. Concepts are quickly introduced, explained and related. This brevity makes the text suitable for entry level students into the field. It delivers information students need to know using a straightforward writing style that will encourage them to actually read the text.- Wayne W. Smith, Department of Hospitality and Tourism Management, College of Charleston, Charleston, South Carolina, USA
