### **Editorial Review**

#### **Review**

"Since its first edition, this book has been the go-to reference for surgery of the knee. It has always been different than most books in that it covers all aspects of the knee, not just sports-related or total joint arthroplasty.

'Since its first edition, this book has been the go-to reference for surgery of the knee. It has always been different than most books in that it covers all aspects of the knee, not just sports-related or total joint arthroplasty. We should all thank Dr. Scott for bringing together an impressive group of leaders in the field to once again create the single most important reference on surgery of the knee. This update should be in every orthopedic library. I, for one, am excited that I will be able to access mine on my computer and iPad wherever I go, without having to carrying the 1,400-page book around.' - Mark Hutchinson, MD University of Illinois at Chicago College of Medicine (**Doody 5 star rating**)
