Editorial Review

Review

Invaluable for anyone involved in testing and would lift the game of most VV&T staff (including designers doing their 'informal' reviews and tests) and their project managers. It is succinctly and clearly written with no non-sense. An unreserved 5 for value for money. (Review of 1st edition) -- Brian Peaker IT Training Magazine

About the Author

The authors are all experienced BCS examination setters and markers and know the ISTQB syllabus in depth. The editor, Brian Hambling, has experienced software development from a developer's, project manager's and quality manager's perspective in a career spanning over 30 years.
