Editorial Review

Review

"...authoritative book edited by respected authors...a worthwhile addition to the NPD field..." (*R & D Management*, Vol 33(4), 2003)

From the Back Cover

Expert techniques and effective practices in product development

In this book, the Product Development & Management Association brings together practical, authoritative approaches to every aspect of the product development process, from idea generation to delivery of the final product and commercialization. The ToolBook 1 provides cross-functional coverage of such topics as:

- Dealing with project and portfolio risk
- Improving portfolio management
- Surviving as a project champion
- Modeling the pipeline
- Technology Stage-Gating
- Hunting for winners in the Fuzzy Front End
- Trend mapping and lead-user analysis
- And much more

With effective methods, tools, and techniques in every chapter, The PDMA ToolBook 1 for New Product Development is an essential book for new product development professionals, including project leaders, process owners, and program or portfolio managers in a broad range of industries from heavy manufacturing to services.

Users Review

From reader reviews:

Anthony Robin:

Nowadays reading books are more than want or need but also become a life style. This reading habit give you lot of advantages. The benefits you got of course the knowledge the rest of the information inside the book which improve your knowledge and information. The information you get based on what kind of guide you read, if you want send more knowledge just go with education and learning books but if you want sense happy read one having theme for entertaining like comic or novel. The actual The PDMA ToolBook 1 for New Product Development is kind of guide which is giving the reader capricious experience.

Bessie Papp:

A lot of people always spent their free time to vacation or perhaps go to the outside with them family members or their friend. Do you know? Many a lot of people spent that they free time just watching TV, or maybe playing video games all day long. In order to try to find a new activity honestly, that is look different you can read a book. It is really fun in your case. If you enjoy the book that you read you can spent 24 hours a day to reading a reserve. The book The PDMA ToolBook 1 for New Product Development it is extremely good to read. There are a lot of individuals who recommended this book. These people were enjoying reading this book. If you did not have enough space to bring this book you can buy typically the e-book. You can m0ore effortlessly to read this book out of your smart phone. The price is not to cover but this book offers high quality.

Edna Spalding:

Why? Because this The PDMA ToolBook 1 for New Product Development is an unordinary book that the inside of the publication waiting for you to snap the idea but latter it will shock you with the secret that inside. Reading this book adjacent to it was fantastic author who else write the book in such wonderful way makes the content within easier to understand, entertaining method but still convey the meaning totally. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This unique book will give you a lot of advantages than the other book have such as help improving your skill and your critical thinking approach. So , still want to hold off having that book? If I were you I will go to the e-book store hurriedly.

Michelle Labat:

Many people spending their time frame by playing outside along with friends, fun activity together with family or just watching TV the whole day. You can have new activity to enjoy your whole day by examining a book. Ugh, do you consider reading a book can definitely hard because you have to accept the book everywhere? It fine you can have the e-book, bringing everywhere you want in your Mobile phone. Like The PDMA ToolBook 1 for New Product Development which is finding the e-book version. So , try out this book? Let's observe.
