The model of English that should be used in classrooms has long been a subject of debate. *World Englishes, Implications for International Communication and English Language Teaching*, (with an accompanying audio CD) describes selected varieties of World Englishes, and discusses the advantages and disadvantages of selecting a particular variety from the point of view of both teachers and learners. It aims to examine and re-evaluate concepts such as 'standard', 'variety', 'native speaker' and 'non-native speaker', and to validate the role played by multilingual and multicultural English language teachers, arguing that context and learner needs should determine the variety to be taught. *World Englishes* was shortlisted for the 2008 British Council Innovations Awards.
