**Fairy Lore: A Handbook (Greenwood Folklore Handbooks)** By D. L. Ashliman

Fairy lore concerns beliefs about elves, dwarfs, gnomes, trolls, mermaids, brownies, pixies, leprechauns, and many other beings found in world folklore. Written for students and general readers, this book is an introduction to fairy lore from around the world. The handbook defines and classifies types of fairies, provides numerous examples and texts, overviews scholarship, and discusses the role of fairies in art, film, and popular culture. It closes with a glossary and a bibliography of print and electronic resources.

### Editorial Review

#### Review

"Lower-division undergraduates and general readers." - **Choice**

"One in a series of folklore handbooks, this guide concentrates on the fairy lore of northwestern Europe. Ashliman devotes a large portion of the book to examples and texts and maintains that the majority of the stories were originally presented as authentic experiences to a believing audience. The premise for most of these stories being that unseen beings exist which influence our human lives. Also included is a chapter devoted to definitions and classifications of fairy mythology, a glossary of fairy terminology as well as a comprehensive list of web resources." - **Reference & Research Book News**

#### About the Author

**D. L. Ashliman** is Professor Emeritus of German at the University of Pittsburgh and the author of *Folk and Fairy Tales: A Handbook* (Greenwood, 2004).

### Users Review

#### From reader reviews:

##### **Bernice Fugate:**
