Editorial Review

Review

'The book brings together the knowledge, skills and day-to-day practice of those in the industry to provide an overview of the management and control of the engineering capital projects. Students will find the book particularly helpful as it contains such a broad spread of information.' - ICSM, June 1997

Users Review

From reader reviews:

Wendy Brame:

Now a day people who Living in the era just where everything reachable by connect to the internet and the resources inside can be true or not need people to be aware of each data they get.
