Editorial Review

Amazon.com Review

"My soul would be an outlaw," begins the storyteller in this short tale of the timeless war between Conformity and Rebellion, in the guise of the Master Timekeeper (a.k.a. the Ticktockman) and the renegade Harlequin. In a completely regulated society, where being a minute late here and there shortens your life accordingly, the Ticktockman is king; Harlequin is the jellybean joker who wants to knock him from his perch. Rick Berry's dark, lush illustrations magnify the force of a story that reminds readers of the best parts of George Orwell's *1984* or Terry Gilliam's *Brazil*.

Review

"The categories are too small to describe Ellison. Lyric poet, satirist, explorer of odd psychological corners, moralist, purveyor of pure horror and black comedy; he is all of these and more." The San Francisco Chronicle "[Harlan Ellison] is a phenomenon, *sui generis*." Digby Diehl, Playboy "Jealous artists might want to, but no one paints with confidence and excitement like Rick Berry." Locus -- *San Francisco Chronicle, Locus*

From the Publisher

Though it is two years late, this oversized (9"x13"), illustrated 30th anniversary edition is a fitting tribute to a funny and touching masterwork.

Users Review

From reader reviews:

Jean McFerren:

Nowadays reading books be than want or need but also become a life style. This reading addiction give you lot of advantages. The advantages you got of course the knowledge the actual information inside the book that will improve your knowledge and information.
