Editorial Review

Amazon.com Review

Karen Elizabeth Gordon is no ordinary grammarian, and her works (including *The New Well-Tempered Sentence*, *Torn Wings and Faux Pas*, and *The Disheveled Dictionary*)--are no ordinary books of grammar. A special edition of the 1984 classic, *The Deluxe Transitive Vampire* is populated by a wickedly decadent cast of gargoyles, mastodons, murderous debutantes, and, yes, vampires (both transitive and otherwise), who cavort and consort in order to illustrate basic principles of grammar. The sentences are intoxicating--"How he loved to dangle his participles, brush his forelock off his forehead with his foreleg, and gaze into the aqueous depths"--but the rules and their explanations are as sound as any you might find in Strunk and White. Outlining the building blocks of the English language, from parts of speech to phrases and clauses, *The Deluxe Transitive Vampire* goes on to exorcise such grammatical demons as passive voice, fragments, comma splices, and run-on sentences. At last, a handbook of grammar you will actually *want* to read. In the words of Gordon's preface, "Howling, exploding, crackling, flickering with new life-forms, and drunk on fresh blood (some of mine is certainly missing), this deluxe edition reminds us on every page that words, too, have hoofs and wings to transport us far and deep."

From the Inside Flap

Playful and practical, this is the style book you can't wait to use, a guide that addresses classic questions of English usage with wit and the blackest of humor. Black-and-white illustrations throughout.

From the Back Cover

Here now is an enlarged version of the only handbook of grammar you will ever want to read. With this special edition, Karen Gordon gives the reader more illustrations and even more examples of confusing appositives, the many uses of gerunds, the complicated matter of agreements. *The Deluxe Transitive Vampire* spins a lively gothic narrative with such characters as the Debutante, famous courtesan, wolf, bat, vampire, mastodon, pizza chef, lummoX, lamia, and trilingual solitary. Gordon conjures up this eccentric cast with a uniquely wicked, witty and playful style. Yet every rule is explained with great clarity and precision. While entertaining the reader with the unexpected, she makes the most intricate and impossible usages clear for the first time. "You will not find a more charming or constructive companion than Karen Gordon", Kenneth Auchincloss reported in *Newsweek* when Ms. Gordon's punctuation book, *The Well-Tempered Sentence*, first appeared. "How rare it is to laugh as one studies a grammar text", Doris Grumbach exclaimed on National Public Radio. And in the *New York Times*, Herbert Mitgang warned, "(Karen Gordon's) sentences might make the Edwardian Brothers Fowler blush and, perhaps, Professor Strunk and Mr. White wince". For any reader who finds the rules of grammar irregular and confusing, this book should guide him with confidence through the maze of linguistics.

Users Review

From reader reviews:

Michael Brown:

Do you have favorite book? For those who have, what is your favorite's book? Reserve is very important thing for us to know everything in the world. Each publication has different aim or even goal; it means that publication has different type. Some people truly feel enjoy to spend their a chance to read a book. These are
